

SUSTAINABLE LIVING RESOURCE CENTER

150 Cottekill Road
ROSENDALE / COTTEKILL

DIRECTIONS:

The Center is a little difficult to find. It is in a building behind the white cape cod house, with purple trim, at 148 Cottekill Road. Look for the Earth flag. Says “Greene” and “Center” on tree at start of driveway. Driveway is lined with tall pine trees. Follow driveway to right of garage, and park in back by the Center, a hexagonal building.

From New Paltz, Thruway Exit 18. Travel west on Rt. 299 into town. As you pass thru main area of town, at Mobil Gas Station, turn right on Rt. 32 North to Rosendale. Travel about 7 miles to Rosendale intersection at Stewarts, and turn left onto Rt. 213. Proceed west thru town for approx 2 miles to a sharp bend. Turn right on Cottekill Road (Rt. 26A). Continue about .07 miles to “Stop Ahead” sign, and turn right into 3rd driveway past this sign. Driveway is lined with tall pine trees, just before 35 mph sign.

From Kingston, Thruway Exit 19. Follow signs to Rt. 209 towards Ellenville. Go south about 7 miles to Stone Ridge. (Then, follow below.)

From Rt. 209 in Stone Ridge. Turn east onto Cottekill Road at Davenport Farms. Pass UCCC and cross Lucas Ave. intersection. The next intersection (about .25 miles) is a fork in the road. Bear right at fork. Look for Center on left (see description at top of page), and turn left into 2nd driveway.
